Industry Uniform - Commercial Cookery

Shirt

Long sleeved, cotton chef's jacket (white)

Pants

Comfortable black slacks

Footwear

Safety Kitchen Clogs or **Steel Capped Boots**

NOTES

¹ In order to comply with sun- and site-safety requirements, this shirt needs to be long sleeved and cotton drill, not polyester or other lightweight fabric

² Good quality steel capped boots provide additional support and reduce foot and leg pain

³ Cheaper safety glasses tend to fog up more rapidly than better quality glasses
